

## Our America is Changing!!!

It is now time for Black men to resume Our rightful place in our homes and Communities. To stand as husbands who love and respect our wives, and for whom they can respect; as dads who provide love, structure and discipline in the lives of our children; as brothers and uncles who serve as role models; as grand fathers who mentor our sons and our daughters and our family clan; as law abiding citizens in our homes rather than as criminals in our jails; and as leaders and dependable followers who co-labor in the vineyard of rebuilding greatness in the African American community.

The time is now for “**ALL**” of our African American brothers and sisters to unite under God and embrace their uniqueness and their culture. The time is now for “**ALL**” to delight and take pride in the best of what our Community offers to the World. The time is now for “**ALL**” of Black America to return to God.

**It's time to Come Home and Reap the Benefits of Obedience and Godly Living!!**

**Join the call to action!!!**

Ministries for Change

“If My people who are called by My name would humble themselves and pray, confess their sins, turn from their wicked ways then I will hear from heaven forgive their sins and heal their land.”

II Chronicles 7:14

## OUR BELIEFS

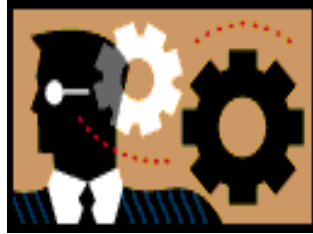

Many programs over the years have attempted to address the problems that undermine us as a people and as a community. With the exception of the Civil Rights movement, most have been momentary, fleeting and without lasting change. Our solution to address the problems that plague our community is to first address the condition of our brothers...the African American male. Our solution for the condition of the African American male is not elaborate, it is not hip or trendy; it is basic in its simplicity... **African American Men, Black Men....Need To Return To God!**

We believe that Our Community is in need of change. We believe that change first starts with us as African American males. We believe that our sinful lifestyles have alienated us from God and that He has allowed us to reap the consequences of our disobedience. We believe that God has given us a prescription or formula for the change needed in our community. We believe this formula is expressed in a popular verse of scripture found in the Old Testament of the Bible at II Chronicles 7:14. As African American men, if we

would confess and repent of our sin, decide to turn away from our sinful lifestyles, and seek God's forgiveness, He promises to heal our lives, our families, and our communities...i.e. our land. We believe that as an organization, we can assist in the healing by identifying our common issues and behaviors, then through spiritual training and renewal address those behaviors with Biblically based programs and services.

We also believe that God has millions of African American men poised and ready to surrender and

re-dedicate their lives to Him. He is literally drawing these men back to Him after allowing them life's tribulations and experiences to refocus and reprioritize Him in their lives. They are now ready to voluntarily surrender their individual wills to His in obedience and submission.

We believe that as Black men walk in relationship and obedience with almighty God, Our Community will reap God's benefits and His blessings. African American men will again assume roles as leaders in our churches, homes, marriages, families, relationships and communities. Our communities will realize long awaited and much needed change that will allow them to thrive again; our children will again reach for the stars and beyond; our family relationships will be strengthened and our neighborhoods will again be safe. It is now time for Gods Harvest!

**OUR PURPOSE.....**To reach out to African American males and assist them in rediscovering the God of the Bible. We are a ministry for those who are ready for a lifestyle change through confession, repentance, willful turning from sin, acceptance of God's forgiveness and His healing of their shattered lives.

**OUR MISSION.....**To offer support, prayer, and services to African American males as they restore, rebuild, and reunify their relationship with God, their church, their families, and their communities.

*Teaching "sinners and transgressors" the ways of God is what this ministry is all about.*
